1. Activation, Satellite and Router maybe covered by Welsh Assembly funding subject to their T & C's
2. Note Domestic plans do not include a static IP address however we can assign a DynDNS address for remote access.
3. Between the hours of 01:00 and 06:00 UK time you will have unlimited use at max speed without it affecting your max speed data cap. This is very useful for scheduling streaming downloads from e.g. BBC iPlayer, Netflix etc.
4. Definition of unlimited use:- The bandwidth subscribed to will be at the full available speed. Once exceeded speed will be capped and will typically offer around 2 mb at peak and 4/5 mb off peak times. Note:- Unlimited use is subject to a FUP (Fair Use Policy) to prevent uncontrolled streaming.
5. Prices exclude VAT
